The Edinburgh is a classic decorative LED post top lantern. Available in wattages from 25 - 80W, the Edinburgh offers an elegant and energy efficient lighting solution.

Features

- High system efficacy
- Overall system efficiency of 125 Lm/W
- Highly efficient, temperature resistant lenses
- Ingress protection: IP66
- Impact resistance: IK10

Benefits

- Supplied pre-cabled for easy installation
- Suitable for residential and campus environments
- Asymmetric or symmetric lenses available.
- Optimised photometric and mechanical performance with a minimal TCO (total cost of ownership)

Detailed Specification

PRODUCT SPECIFICATION	
Power: 25-80 Watts	Mounting: Vertical post-top, 76mm
Luminaire Efficacy: 125 lm/W	Surge Protection: 10kV Standard
Lumen Output: 3,125 - 10,000 Lumens	Size: Width 430mm, Height 487mm
Ingress Protection: IP66	Weight: 4.3 Kg
Impact Resistance: IK10	
Colour Temperature: 4,000K or 3,000K	
Driver: Stand alone and remote dimming protocols (DALI)
