

Zafaro

Durable, efficient, and built for versatility, the Zafaro surface-mounted round bulkhead is designed to perform in both residential and commercial spaces. Featuring a low-profile design, this utility fixed output bulkhead offers a sleek, modern solution for wall or ceiling mounting. Its opal polycarbonate diffuser ensures even light distribution, while the polycarbonate body offers impact resistance and longevity.

- Vandal-resistant IK10 design
- Optional integral emergency

Applications

Residential

Campus

Rail

Car Parks

Bulkhead Luminaire Specification

- Anti-vandal illuminated bulkhead luminaire
- Ideal for communal areas, stairwells, underpasses, and car parks which require robust luminaires

Colour Temperature

- 4000K

Electrical Specification

- Output Power (Watts): 21
- Electrical Class: Class 1

Certification

- CE, UKCA

Dimensions

- $\varnothing 315 \times 95$ mm
- Weight: 2kg

Mounting

- Surface

Materials

- Body: Polycarbonate
- Glazing: Opal polycarbonate

Lumen Range (Lumens)

- 2,589

Colour Rendering Index

- 80Ra

Max Luminaire Efficacy

- 126lm/W

Control

- Fixed output
- Integral emergency

Colour

- White or black polycarbonate

Operating Temperature

- -30°C to +50°C

Warranty

- 5 years (standard)

Durability

- IP65 Ingress Protection
- IK10 Impact Resistance
